

DOW Synod 2008

PARISH AND MISSION DISPLAY ROOM

Part of our mission at Synod is to become better acquainted with each other and learn more about each congregation.

As in the past, a room with tables will be available for photos of the church, congregation, picnics, events, newspaper clippings as well as articles that you may want to sell.

In this way we can learn what's working in spiritual growth and social activities, and share examples of successful ventures for fiscal needs, youth programs, etc.

You can be as creative as you wish but please don't feel that it needs to be more than what you can easily put together. It's the content and sharing that's important.
